NOTES :

I have been a grip for quite some (20) years.

In this time I have worked mostly on commercials and promos rather than long format drama.

Principally because I have kids and prefer time with them to time in hotel rooms.

I've worked with many DoP's on a great variety jobs, big and small (the DoP' and the jobs).

Full lists available on request.

Concurrently I set up and run an Equipment Build and Hire Company 'Feral Equipment .Com".

We are London based, with around ten staff. We are small but perfectly formed.

(Ask around the industry for feedback).

Most of all I love my job.

I try to do things correctly and like to think that I have a pretty good reputation for being fair, thorough and easy to work with. No fuss solutions.

(Again, ask around the industry for feedback).

I much prefer unusual rigging jobs, dolly work and car rigs to big crane work etc.

I have most of my own kit, a van and a good team if needed.
