I've been working in the UK camera department since 1995, most notably as a Focus Puller for over 20 years.  
In that time I have worked extensively on commercials, TV, documentaries, dramas and features, both in the UK and abroad.

I am of mixed heritage with a British Passport, a full UK Drivers Licence, and a DBS Enhanced Certificate.

Admitted into the ACO, (Association of Camera Operators) in 2022.

I have lots of experience filming with cars, food and working abroad.

Always open to new opportunities. References upon request.
